Show your Support for 2nd Annual Birdies Fore Bounce

Presented by the Emerging Leaders Board

For the nearly 1 in 5 U.S. children who battle chronic illness, life is a series of shots, surgeries, treatments, hospitalizations, and limitations.

When a child is diagnosed, the entire family is diagnosed. Sick kids live as patients and healthy siblings must take a 'back seat', even while witnessing endless emergencies. Fear, anger, guilt, even PTSD, result. Meanwhile parents become care givers and care coordinators, insurance and disease experts, called upon to regularly manage crises for which there is no training.

While pediatric hospitals offer an array of resources, life changes dramatically at-home and in-the-community. Invisible and isolated, the health and well being of all are at risk.

Bounce Children's Foundation is the only organization to fill this vital gap in support. A unique portfolio of programs provides: community & connection; fun & friendship; education & resources; hope & encouragement; a place to belong—until cures are found.

One hundred percent privately-funded, Bounce is free to members. And, while there are no income requirements, many are low income and all face extraordinary out-of-pocket medical costs. The definition of high risk, Bounce Families have also been disproportionately impacted by the pandemic.

Bounce has grown to support 2,200+ Kiddos/Siblings/Parents, in just 6 years. But there are many more who need Bounce— especially now.

Your sponsorship will allow us to say YES to building the resiliency necessary to live happier, healthier lives. As one Bounce Dad put it, “Bounce helps families heal!”

Thank you for creating more healing!
