

Transform Lives, Become a Volunteer

Bounce offers a wide variety of volunteer opportunities all based around your interests and schedule. Help weekdays or weekends. Interact with Bounce families or support business operations. Serve regularly or as you are available. No matter your preference or skill set, Bounce needs you!

Hands-On Opportunities

at program activities on the weekends

BOUNCE ACADEMY® strength training for vital coping skills

Workshops that help parents hold themselves, and their families, together. Addressing the ongoing challenges created by chronic illness: financial, legal, psychological, emotional, social, and finding resources. Because childcare is the greatest barrier to participation, Bounce offers a kids playroom during the workshops.

VOLUNTEER ROLE:

- Having Fun
- Facilitating Crafts
- Fostering Community
- Participating in Games & Activities

BOUNCE BASH® multi-family group adventures

Outings designed to include children with complex medical needs, as well as healthy siblings and parents. From “everyday” to “once-in-a-lifetime” adventures that are fun and distracting. Group format fosters friendship, provides the safety of not being stared at, and creates a sense of belonging.

VOLUNTEER ROLE:

- Having Fun
- Facilitating Crafts
- Fostering Community
- Helping with Check-In
- Participating in Games & Activities

Behind-the-Scenes Opportunities

in the office during business hours

• volunteer management

A wide variety of ways to use your skills – and build new ones.
And, you'll know you made a difference!

We Need You!

Nearly **1 In 5**
Children Live with
Chronic Illness
– a silent epidemic

Bounce Children's Foundation® transforms the lives of chronically ill children, and their families, shifting all from surviving to thriving.

And, it's the only organization to do so.

Focused on filling a gap in the continuum of care for the nearly 1 in 5 U.S. children who battle disease/ disability, Bounce's unique portfolio of highly effective, free programs, builds the resilience needed to cope with the ongoing, unexpected, setbacks that define chronic illness.

Integrating an innovative combination of family adventures, education to strengthen vital coping skills, themed care packages for housebound families, access to resources, and continual peer support, Bounce creates a warm and welcoming community of fun & friendship, encouragement & hope.

From diagnosis forward, Bounce is there, 24x7, building resiliency and creating a safe place to belong.

How can you help?

Your commitment of time is the greatest gift of all

Volunteers are the backbone of Bounce
– vital to our success and helping us grow.

Bounce currently supports four times as many Bounce Kiddos/Siblings/Parents as it did just two years ago.

As a 100% privately funded organization, volunteers have been critical to never having to turn away a child/family. To keep growing, we need you!

Please become a Bounce Volunteer today!
