**CHICAGO
BULLS**

“It was such a great experience for our family. We just had a baby in November (named after Michael Jordan), and we would have never been able to afford to take our kids to a game. **Bella, our daughter with epilepsy, loved it too - which is always such a relief with any activity we do. She loved the loud music and lights. It was a fun time for our whole family.**”

~ Susan, Bounce Parent

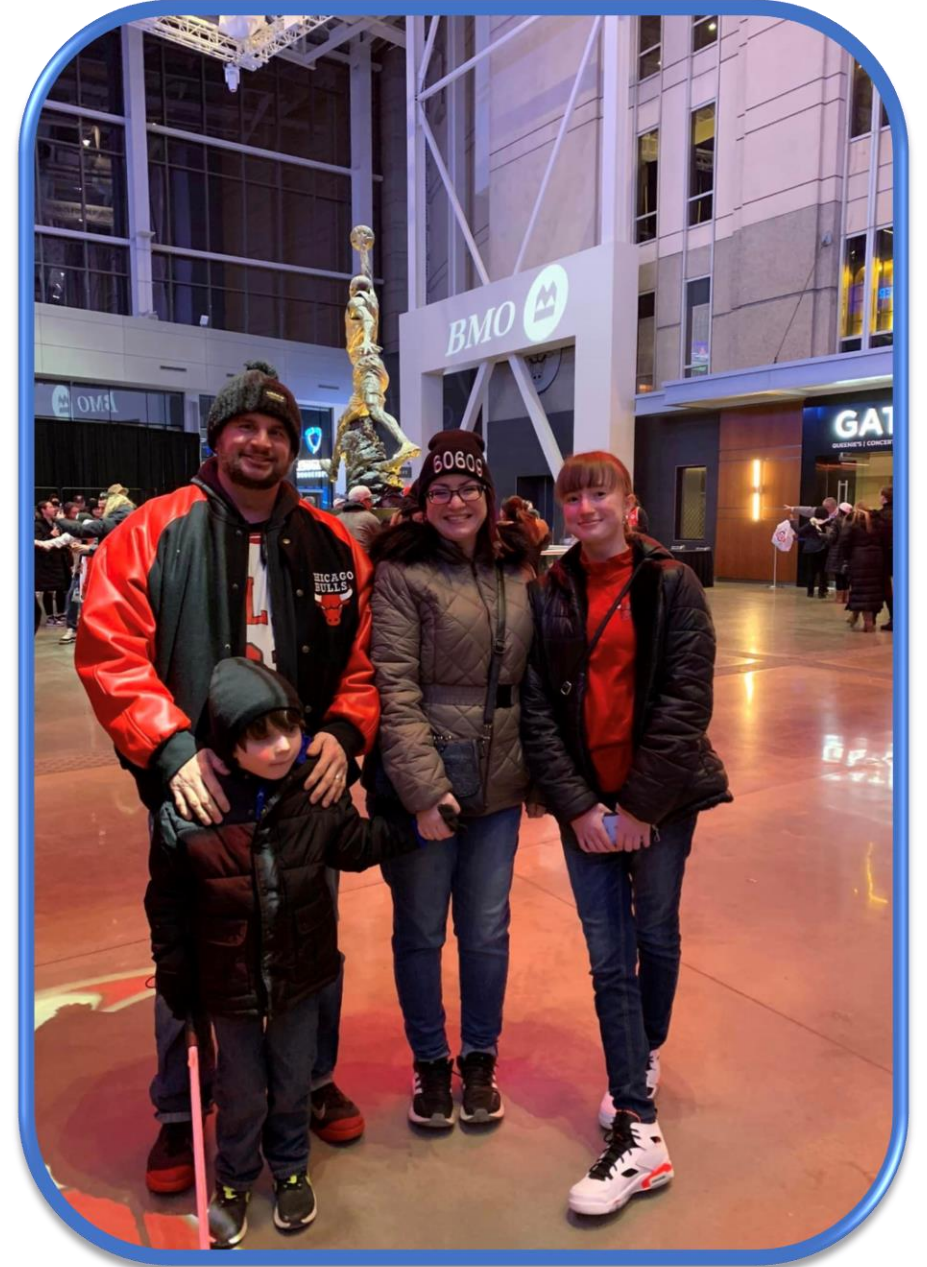

“It's always a good time, but this time, I made even more friends with different families - and that's what I needed most because, as parents, we can feel alone. The togetherness that it brings to each one of us is awesome! ”

~ Velva, Bounce Parent

“The Chicago Bulls are such an important part of the Chicago culture - it helped us to feel a part of that culture that we’ve never had a chance to be part of, live and in-person. “

~ Kasandra, Bounce Parent

“Thank you Bounce and The Chicago Bulls for the opportunity to take my boys to their first Bulls game. **It was such a special night for us.**”

~ Jim, Bounce Parent

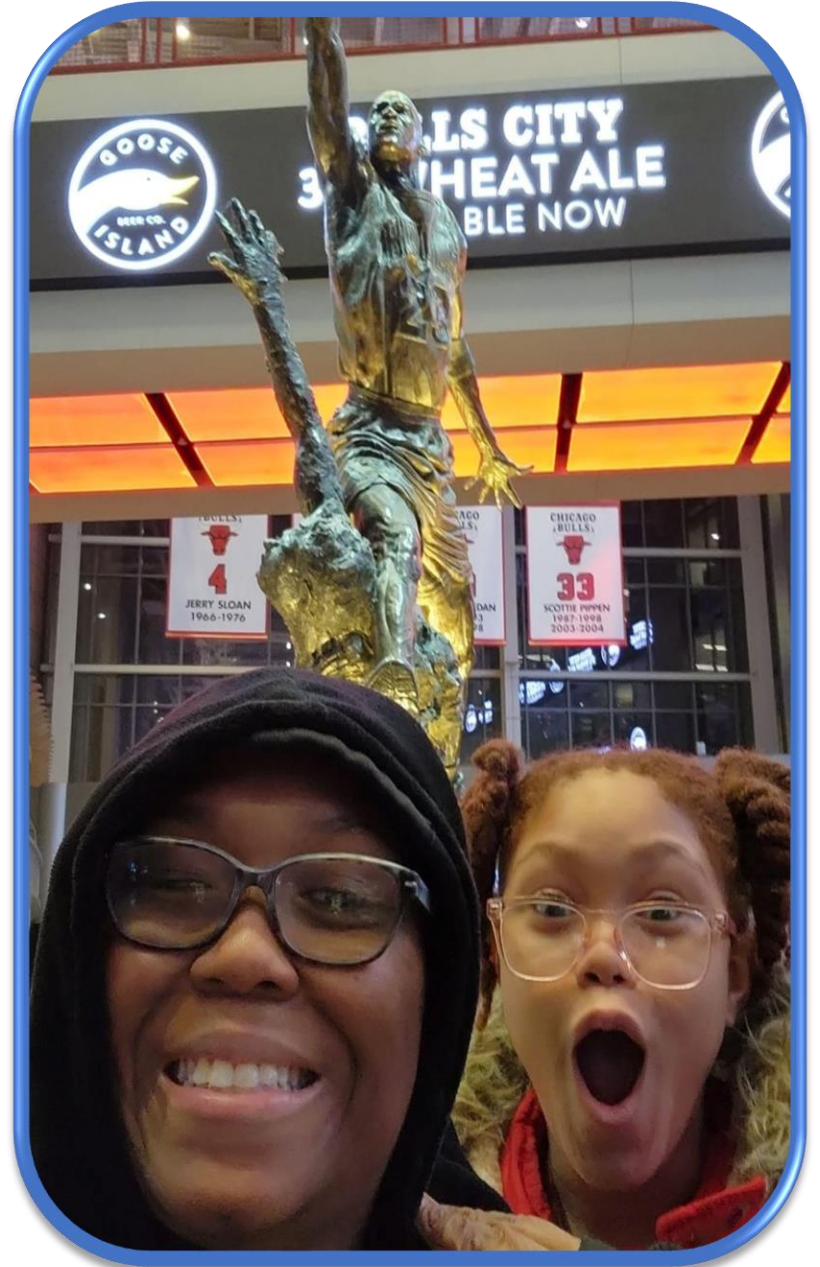

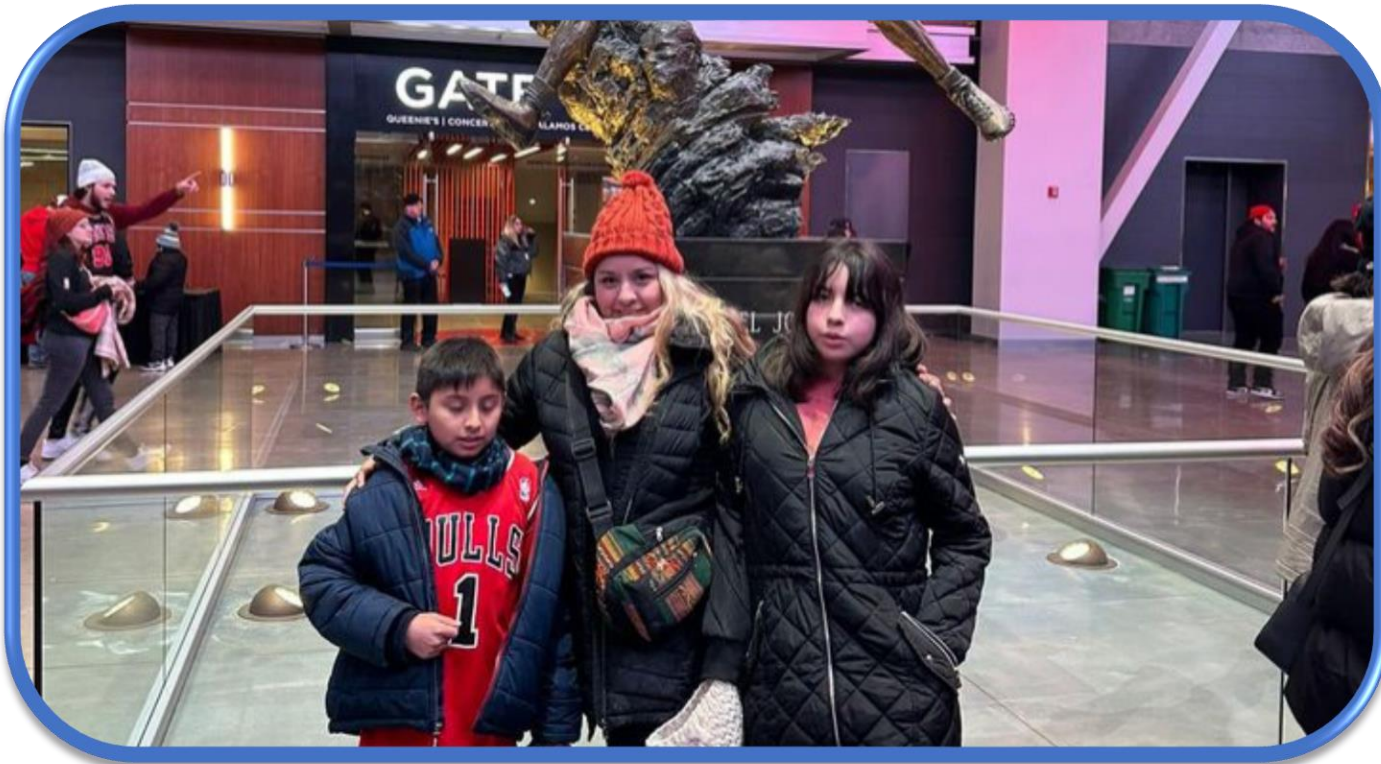

“It made my daughter's day. This was her first Bulls game. Let's just say **this is a memory that will last forever.**”

~ Tamarr, Bounce Parent

“This event could not have come at a better time. We just received news that our kiddo is going to need surgery for a dislocated hip and going to the game was a much-needed fun distraction.”

~Ivonne, Bounce Parent

“Thank you so much for making us feel
‘normal’ and providing inclusion,
community and support!”

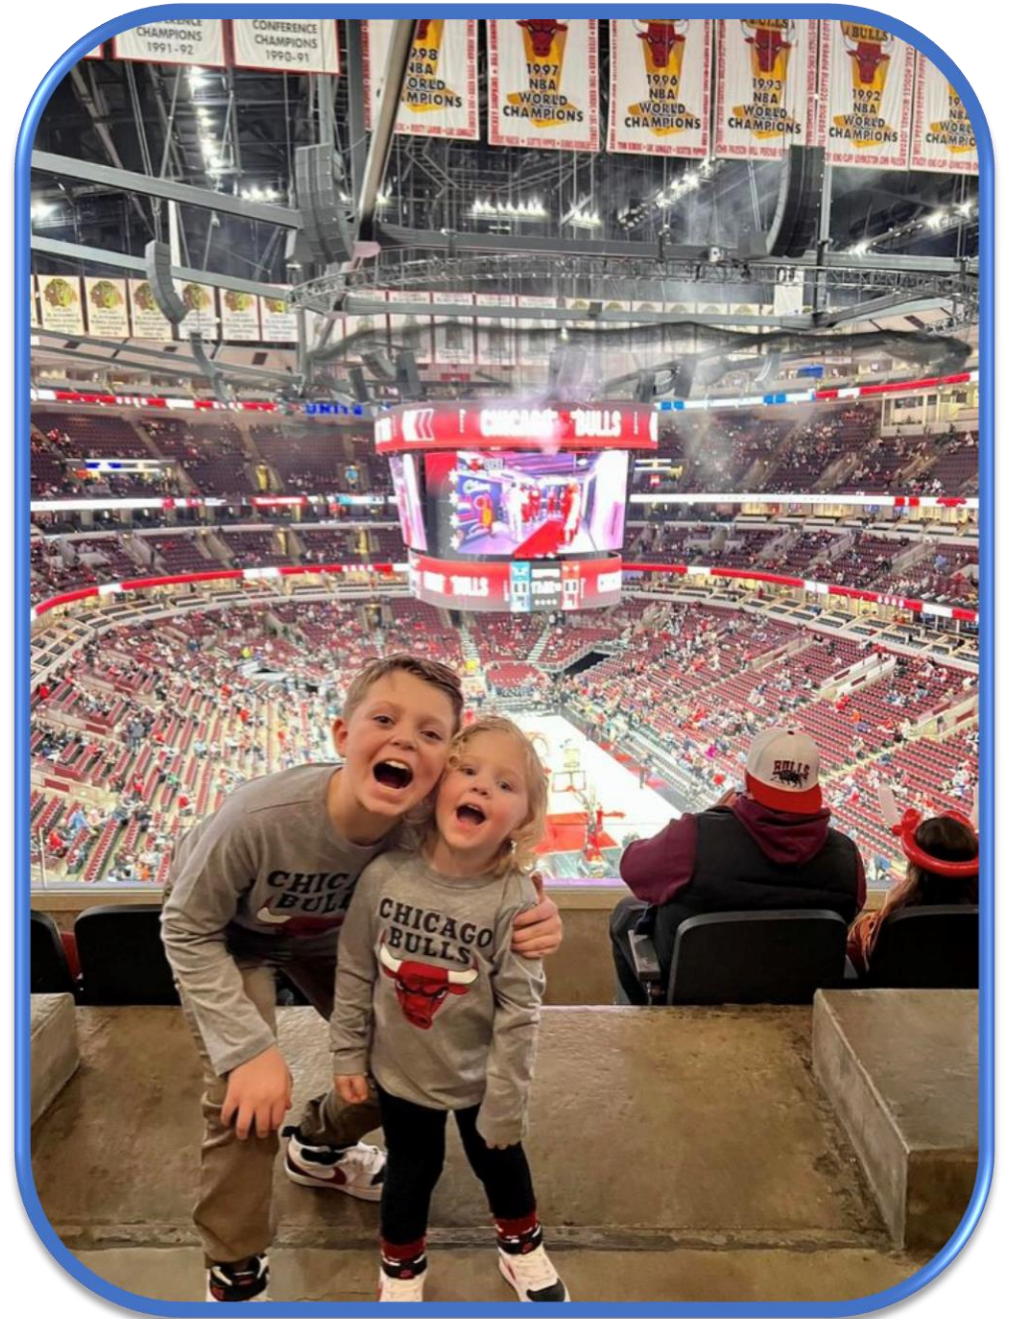

~ Rebecca, Bounce Parent

“We have been
dealing with a new
medical diagnosis,
and this was a
great break away
to just have fun!

~Shellie, Bounce
Parent

**Thank you for
transforming
lives by helping
our families
'bounce'!**
