“From surviving to thriving...”

Bounce transforms lives”

Meet **Tommy**, one of the nearly **1 in 5 U.S. children forced to battle chronic illness**. Kids for whom life is a series of shots, surgeries, treatments, hospitalizations - and limitations.

Tommy was diagnosed—and had his first surgery—before he was even born. On that day, his entire family was also diagnosed. While kids like Tommy live as patients, their siblings take a 'back seat', even while witnessing endless emergencies. Fear, anger, guilt, even PTSD, result. Their parents become care givers and care coordinators, as well as insurance and disease experts, regularly managing a variety of crises.

Tommy loves sports and being outside, but because of his illness, that's not always an option. When it is, an adult must be close by with rescue equipment—just in case. For Tommy, there are no “pick up” games.

And while his pediatric hospital offers a vast array of resources, life changes dramatically at-home and in-the-community. Invisible and isolated, the well being of his entire family is at-risk.

Bounce Children's Foundation is the only organization to fill the vital gap in support for families like Tommy's.

Our unique portfolio of **free** programs provides: community & connection; fun & friendship; education & resources; hope & encouragement; a place to belong—and a chance to play. And, while there are no income requirements, many families are low income and all face extraordinary medical expenses.

Demand for Bounce is enormous, membership is growing at 10% per year, and family retention exceeds 99%. A 100% privately funded organization, Bounce has never turned a family away and doesn't want to start now. Your support is vital to families who need – and deserve – it the most.

Together, we can grow and enhance the Bounce Community of support.

Your tax deductible sponsorship will allow us to say **YES** to more families like Tommy's, so they too can build the resiliency necessary to shift from surviving to thriving. As one Bounce Dad put it, “Bounce helps families heal!”
