“Bounce Kiddo, Lucy &  
Bounce Sibling, Hank,  
received their Welcome  
*Bounce Back Kit* today.

**They were so excited!**

**And we are all so  
thankful to belong!”**

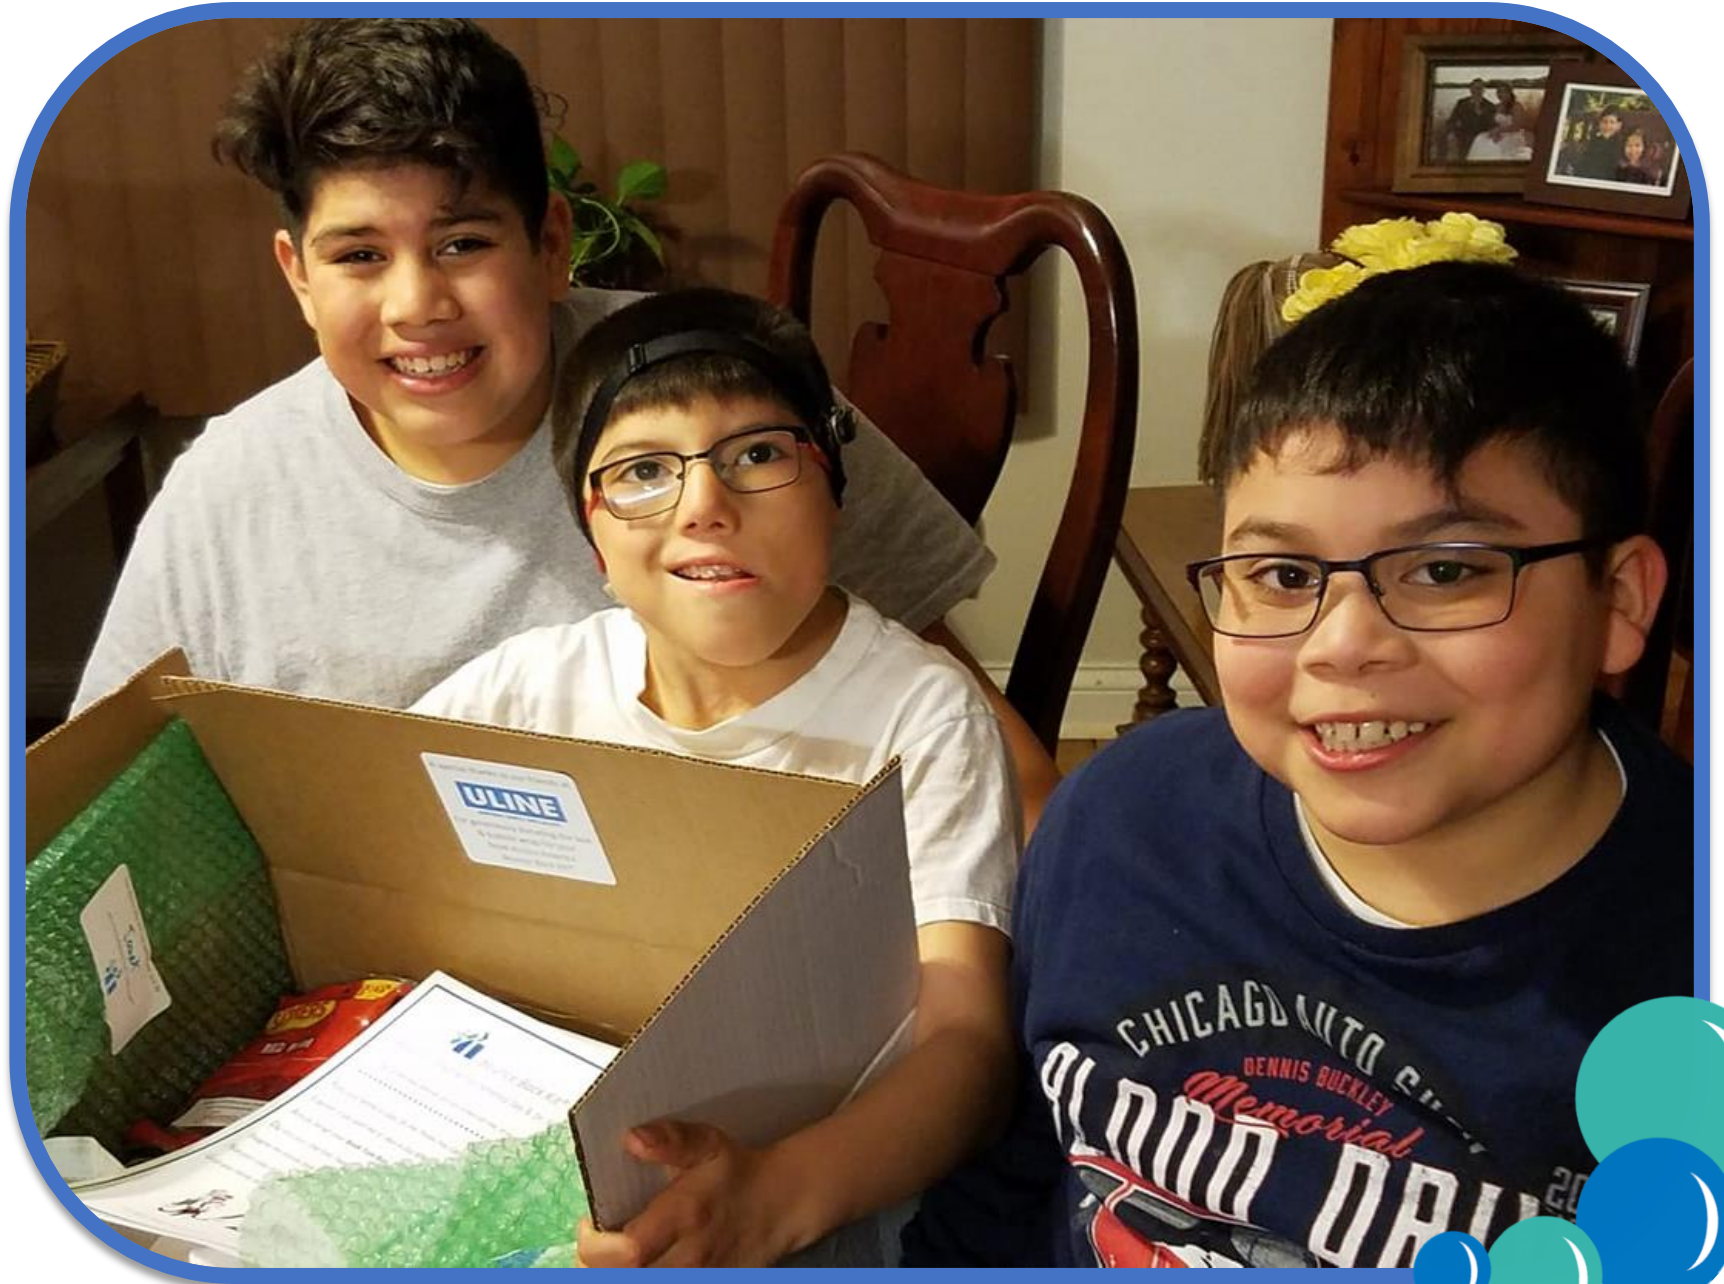

~ Kim, Bounce Mom

“Due to the medical issues my child has, it has been very difficult for my family to have fun outside of the home.

*Bounce Back Kits* help us make memories together!”

~ Bounce Dad

“I just wanted to sincerely thank you all from the bottom of our hearts! Our welcome package came at the exact perfect time.

We will need to be landlocked at home for the next few weeks while Ellie continues to recover from surgery. The kids are bored (we’re bored too). It’s a huge challenge to keep them entertained and happy.

Our 7-year-old is especially excited about the gel pens you provided. She started happily shouting and jumping up and down when she saw them.

It really was a perfectly timed gift.”

~ Bounce Family

“We arrived home from another hospital stay to the kit on our front porch.

Anthony asked how Bounce knows when he is in the hospital!”

~Bounce Parent

“A big part of what made the kit a whole lot of fun was the spontaneity it provided.

That is a feeling we seldom experience.”

~Bounce Parent

**“My girls don't get to go out much because of their sister being handicapped.**

They've been wanting to see this movie and the crafts kept them busy.

They were so excited to get something in the mail.

It made them feel special.

They loved playing and watching together!”

~Bounce Parent

“It brought HUGE joy to our family, in that our family got a package, and that Bounce & VTECH thought of us!

A great break in our medical filled reality.”

**Thank you for  
transforming  
lives by helping  
our families
