Why **Inside Out 2**?

Because managing the ongoing tidal wave of emotions created by living with pediatric chronic illness is so hard, our “Welcome to Bounce” *Bounce Back Kit*® family care package includes a copy of the “Inside Out” DVD.

When we heard “Inside Out 2” was premiering, we couldn’t wait to share it with Bounce Families!

And thanks to your generous support, we did just that: hosting a private screening of the movie for **190 Kiddos, Siblings, and Parents** by renting out the entire theatre building which created the **safe space** families need.

Thank you  **SHIELDS**
HEALTH SOLUTIONS

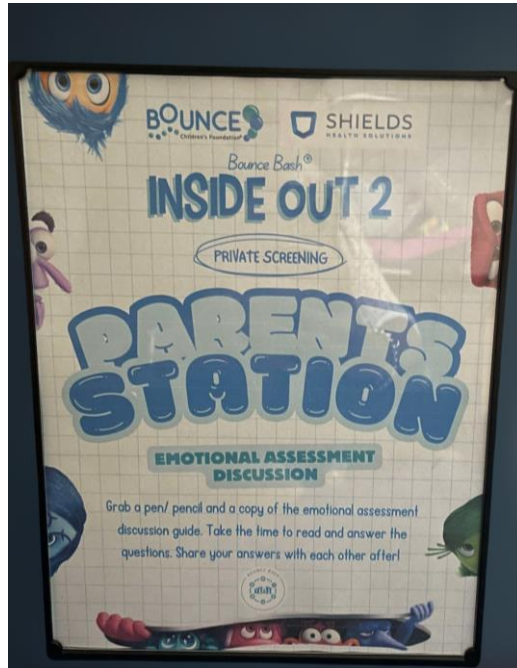

Your **generosity** and **support** made this event *extra meaningful* as it allowed us to:

1. Rent the **entire theatre building** to create a **safe space** for families to enjoy the day - away from the judgment of others, and provide them with **snacks and drinks** while watching the movie

2. Create a **craft station** where kids learned, expressed, and bonded with each other while making *Emotion Masks*

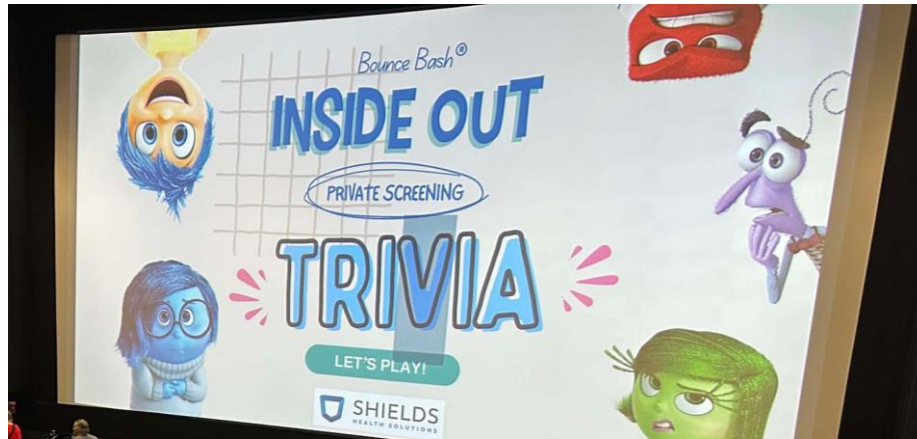

3. Design a **Parent Discussion Guide** where they could share their *family's greatest challenges and best practices for managing stress*. These will be aggregated and shared with ALL Bounce Parents on our *Bounce Net®* private online network

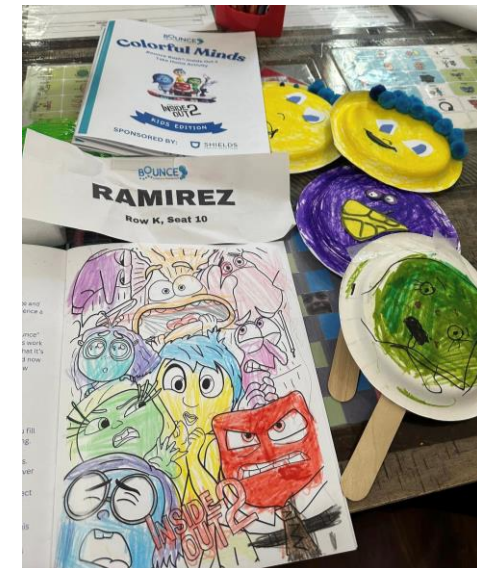

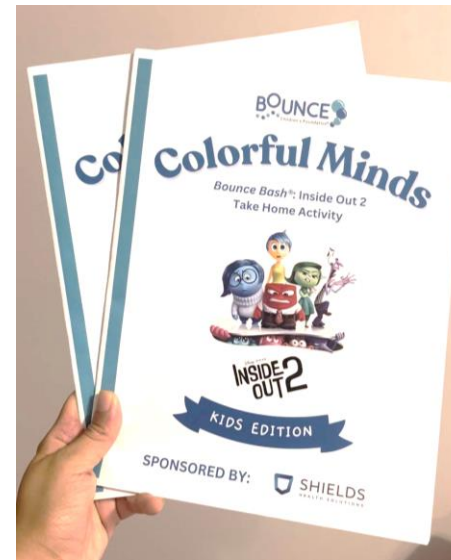

At the Parent's Station, volunteer, Scotty, overheard one parent say to another:

***"Shields Healthcare is doing this? We love Shields!
It's great to see they are supporting Bounce!"***

4. Invent a highly interactive **“Inside Out” Trivia Game** which we played just before the movie to *remind everyone of the key emotions* taught in the movie

5. Create **2 take-home workbooks/coloring books**, one for parents & one for kids *to reinforce the coping strategies* presented in the movie.

“This was the first time we visited a movie theater due to safety and accessibility reasons.

Cinelly was not too excited at first when we arrived but when we left, she was so happy we came! The girl at registration is also very nice and patient to Cinelly. She loved her.”

It was great seeing our kids laugh and enjoy a movie about feelings, especially being that they are older.

We enjoyed meeting some new families and talking with them about our kids' medical issues.
