*Transforming the lives of chronically
ill children, and their families,
shifting all from surviving to thriving*

Pediatric Chronic Illness: A Hidden Epidemic

Nearly **1 in 5** U.S. children battle a disease for which there is no cure.

In the hospital there is a wealth of clinical and social-emotional support.

Before Bounce, there was an acute lack of support both at home & in the community.

For families with medically complex children, toting the necessary picnic gear and finding an accessible location can be an overwhelming challenge.

Attending alone,
knowing you'll
stand out,
is more than
most Bounce
Families can
handle.

Bounce secured space with a sightline to the stage and near the walkway for wheelchair accessibility, so our group could stay together.

The events at Ravinia have been great the past couple of years!

My whole family enjoyed the night out with the Bounce Community, and we appreciate all the thought put into our accommodations.

~ Joe, Bounce Dad

Bounce Kiddo, Avery got so excited he accidentally kicked his talking device right off its mount on his wheelchair.

Bounce recruited a Highland Park police officer to lend a hand with repairs.

That led to unexpected learning for first responders and an important conversation about how best to team up together in an emergency.

Bounce provided a picnic dinner
and treats like
bubbles & glow sticks.

*Bounce helps us socialize and destress
from the challenges of life.*

We're grateful for the community it offers.

While listening to the music, kids and adults, got to make some of their own!

Bounce thinks of EVERYTHING!

Hanging blue balloons so we could locate our seats easily, putting out the big blue tarps so we all had plenty of room even on a very crowded night, guitar crafts for entertainment during intermission...it was so fun and just a great evening.

~ Tiffany, Bounce Mom
