*From surviving to thriving...*

*Bounce transforms lives*

**Meet Caliph, one of the 1 in 5 U.S. children forced to grow up battling chronic illness.** Kids for whom life is a series of shots, surgeries, hospitalizations & *endless* limitations.

**As a freshman, Caliph made JV football! As a sophomore, he had to ride a wheelchair.** At 4, he was diagnosed with a progressive, genetic disorder. A dozen surgeries later, he still lives with mobility issues and chronic pain— and will always be a patient.

When kids like Caliph are diagnosed, the entire family is diagnosed. Siblings take a 'back seat', join in caregiving, view endless emergencies. Fear, anger, guilt, even PTSD, result. Parents become care givers & coordinators, disease & insurance experts, while managing daily crises.

Outside the hospital, a lack of support renders these families invisible, isolated, at-risk. Bounce is the only organization to fill this vital gap:

- *Bounce Bash*<sup>®</sup> family adventures: designed to include kids with complex medical needs, create resilience-building fun, friendship & a place to belong.
- *Bounce Back Kit*<sup>®</sup> family care packages: "Inspiration-in-a-Box" with distracting, creative, engaging 'boredom busters' for repeated rounds of quarantine.
- *Bounce Academy*<sup>®</sup> educational workshops: strength training for vital coping skills that enable parents to hold themselves and their families together.
- *Bounce It Forward*<sup>®</sup> donated tickets: surprise outings to sports, concerts, theatre, and other high demand events that create unexpected relief.
- *Bounce Net*<sup>®</sup> private, online peer community: 24/7 connection for parents, from home/work/hospital, that opens up a virtual 'safety net' of shared support.

Demand is enormous—and growing. Family retention is 99%. Privately funded, Bounce has never turned a family away. Your tax deductible sponsorship enables growth to help families who need, and deserve, it most. And creates a **YES** for more families like Caliph's, so they too can *shift from surviving to thriving*.

Thank you for helping us create more healing!
